INSPIRATION

In keeping with the festive season, our winter IPA is brewed with spruce needles, hand-picked from Christmas trees.

STORY

Spruce it up

Last winter we asked Lowlanders to gift us their well-loved Christmas trees instead of throwing them out on the street as rubbish. Sprucing up “waste” into something delicious we collected their trees, stripped the spruce needles & brewed them with juniper into a sustainable Winter White IPA. The aroma recalls evergreen forests and the hoppy & light citrus character brightens up darker days & nights.
